

Operation Mobilization

Operation Mobilization is a part of the worldwide movement, mobilizing Christians to pray, go, give, and grow.

Around the world, lives and communities are being transformed as God works through people and ministries of Operation Mobilization (OM), a dynamic global missions organization. OM's great passion is to bring the hope of Jesus to the nations, particularly among those who have not heard.

ASK, Parker & Megan

Supporting each other's faith, Parker and Megan will be working with the infrastructure of Operation Mobilization in Pretoria, South Africa.

Declare His glory among the nations, His marvelous deeds among all peoples. Psalm 96:3

Parker will be using his skills and bachelor's degree in Computer Information Systems. Parker's opportunities will be working as an IT Administrator, aiding other missionaries with technology.

Along with integrating into the local community and churches, Megan will be creating relationships as she networks for OM and uses her planning/organizing skills.
